SENDGRID ACCOUNT

The screenshot shows the Twilio SendGrid dashboard. On the left, there's a sidebar with navigation links: Dashboard, Email API, Marketing, Design Library, Stats, Activity, Expressions, Settings, and Twilio SMS API. Below these are two status indicators: REPUTATION (100%) and API KEY ACCOUNT STATUS. The main content area has a heading "Send your first emails with Twilio SendGrid" with a sub-instruction "To get up and running quickly, please follow the steps outlined below." It features two main sections: "Send your first email" (with a "Start" button) and "Integrate using our Web API or SMTP Relay" (with a "Start" button). To the right, there's an illustration of two people running. Another section titled "Build and send using Marketing Campaigns" (with a "Start" button) is also present.
